

As Christian Constitutionalists, homeschool moms, medical freedom activists, and grassroots leaders who have spent the last four years fighting illegal and unconstitutional orders; lockdowns, mask and vaccine mandates, business closures, vaccinate or terminate policies, and a transition to cultural Marxism in nearly every aspect of daily life, it is nearly impossible for us to find a candidate we can support much less endorse.

The assault on individual freedom, the unprecedented government overreach, and the failure of many even within the Republican Party to hold the line for freedom and Truth has brought us ever closer to Constitutional crisis and moral chaos.

Rare is the candidate who throws his hat in the ring without the ulterior motives that often attach themselves to political office.

Even more rare is the righteous citizen statesman candidate whose only ambition is to restore this once great nation to its Judeo-Christian foundations.

Brad Knott is such a man—a candidate unlike any we have ever met.

Brad is a husband, a father, and an unapologetic follower of Jesus Christ.

He is passionate about Truth, deeply knowledgeable about American history and the American experiment which established a Constitutional Republic, enshrining the God given (not government given) rights of men, framed by the greatest document ever written, the US Constitution and Bill of Rights.

Brad understands the three most important words in human history, “We the People,” and the duty of the statesman representative to fiercely defend our rights.

Brad Knott understands that freedom is a responsibility and a means to live within the truth. He understands that we have arrived at a moment in history wherein the two have become dangerously untethered.

Brad is a champion of abortion abolition, religious freedom, medical freedom, education reform, economic prosperity driven by free market capitalism, solving the border crisis and ending once and for all the weaponization of the administrative state against American citizens.

Brad understands that the January 6 prosecution of American Patriots can NEVER happen again, and resigned from the Department of Justice as an act of defiance

against the Biden Administration and an out of control and unconstitutional “4th branch” of government.

North Carolina Congressional District 13 needs Brad Knott to represent us in the House of Representatives.

Having spent months watching Brad endure one attack after another from his opponents, handling each with the dignity of a statesmen and the humility of a follower of Christ, never returning evil for evil, but constantly displaying strength under fire, we are more confident than ever that Brad Knott is the man for the job.

It is a privilege to know Brad and to endorse his run. Whatever happens Tuesday night, Brad has already won, having pursued obedience over outcome.

Mindy and I will both proudly be casting votes for Brad Knott, NC D13 Congress.

We hope you will, too.

For God and Country,
Tara&Mindy
